

GETTING STARTED WITH YOUR ONLINE STORE

TEMPORARY STORES

Build An Online Store

*Develop and sell products featuring your brand and logos!
NO upfront costs!*

Artwork and Product Offering

*No art? No problem! All Colors, LLC offers FREE design service for all online Snap Shops.
We even handle licensing approvals to speed up the process*

Giving your customers multiple products to choose from will help increase sales and promote your brand

Financials

We take care of all financial operations for your store and when it closes we will provide a breakdown of the profit or loss. Our stores have a 95% profit rate, the ONLY fee you would need to cover would be credit card processing fees set at 3% + 26c per transaction

Webstore Duration

For temporary stores we suggest keeping ordering open for at least two weeks.

Keep in mind, production WILL NOT begin until the store closes.

From that point, it takes orders 3-5 weeks to be produced and shipped out/be ready for pick up.

Marketing Plan to Drive Sales

How do you plan to promote your store and drive sales?

We can help you with social media graphics, e-blasts, etc. Just ask!

Minimum Order Requirement = 24 Items per Design!

In order to do a full production run, we require a minimum of 24 items ordered per design. You can mix/match designs across merchandise,

but if the size of design changes it's considered different (Example: full front design needs 24 orders AND a left chest design needs 24 orders).

If this threshold is not met, affected items may be refunded upon store closure.

If no orders are placed OR all orders are affected by this threshold, you will be subject to a \$300 fee

Pickup vs Delivery – Why not both!

We offer various shipping options with UPS, FedEx, & USPS as well as Free Local Pickup at our office in Highland Park, NJ or a location of your choice.

Please sign below to acknowledge you read through and understand these terms and conditions.
